Dear Stranger,

Happy New Year!

You are a recipient of the *Secret Letters to Strangers* Initiative, inspired by the book **THE SECRET LETTERS PROJECT** by Juliet Madison. People around the globe are writing their own letters to strangers and leaving them in public as an anonymous act of kindness. **To spread the joy and pay it forward, you can print out your own letter template just like this one and participate too if you choose. Go to the TheSecretLettersProject.com ...you also have the opportunity to share that you have been a recipient of a secret letter if you wish to do so, and make a comment about where and how you found the letter and any impact it may have had on you. Have an amazing day, and keep smiling! 😊**
